

FORGING THE FUTURE OF PRECISION COMPONENTS

Company at a Glance

Founded in 2006, Utsah Engineering emerged under the legacy of C.D. Engineering (established in 1969) and today specializes in forged flanges and custom-engineered components for critical industries

- The company holds multiple international certifications, including ISO 9001:2015, ISO 14001:2018, and ISO 45001:2018, all issued by KVQA Certification Services with accreditation from JAZ-ANZ and EIAC
- Utsah serves a wide range of sectors—Oil & Gas, Power Generation, Petrochemicals, Process, EPC industries—with integrated in-house capabilities for forging, machining, heat treatment, and quality assurance, backed by approvals from premier entities like Engineers India Limited (EIL) and the Central Boilers Board (CBB) for its "Well-Known Forge" status

A Complete Forging SolutionFrom Concept to Commissioning

We serve a diverse industry spectrum including Oil & Gas, Power, Petrochemicals, EPCs, Process Equipment, and Heavy Engineering — backed by third-party approvals and project-grade documentation.

Specialized in manufacturing from Carbon Steel, Alloy Steel, Stainless Steel, Duplex, Super Duplex, Monel, and Hastelloy including custom material combinations as per client spec.

Custom forging weight range: from 0.2 Kg up to 3,000 Kg single-piece forgings.

Export Reach: Serving 12+ countries, supplying critical components with zero-defect delivery an EPC-standard documentation.

Installed Capacity: 12 Hammers (Open, Die, and Ring Rolling), Plasma Cutting, VTLs, CNC Turning, and Machining — enabling a capacity of 18,000+ Tons annually.

Certifications & Compliance: - PED & AD 2000 (Under Approval) - ISO 9001:2015 - ISO 14001:2015 - ISO 45001:2018 - Full material traceability with ASME, ASTM, EN, and API standards.

In-house Heat Treatment & Testing: - Normalizing, Solution Annealing, Quenching, and Tempering - In-house UT, IGC, PT, and MPI with third-party witnessed reports.

Organisation Structure

Utsah Group: Milestones & Growth Journey

₹150+ Crore Annual
Turnover: Sustained
growth powered by a
solid order book, export
expansion, and long-term
partnerships across
critical sectors.

Recognized by Industry
Leaders: Honoured with
10+ awards from reputed
bodies like BHEL, GAIL,
Reliance, Ministry of
finance.

Approved by Major EPCs:
Including EIL, IBR, IOCL, PDIL,
BHEL, BPCL, GAIL and other major
EPCs and certification bodies validating our process quality,
traceability, and technical
reliability.

Legacy of Over 55 Years:
Our foundation rests on
half a century of forging
excellence, technical
depth, and industry
respect.

350+ skilled professionals:
A united workforce
spanning engineers,
machinists, inspectors,
and managers — driving
precision and performance
at every stage.

Exporting to 12+ Countries:
Trusted by global clients
for on-time deliveries,
EPC-compliant
documentation, and zerodefect standards.

Ranked Top 100 SME in India (2025): Awarded by the India SME Forum for excellence in manufacturing, governance, and sustainable growth.

Completely Integrated
Operations: 100% in-house
capabilities from forging and
heat treatment to CNC
machining and testing —
ensuring full control and
accountability.

Regional HQ & Global Presence

We are a leading manufacturer of industrial flanges and customized forgings with headquarters in Hapur, India and a strong presence across domestic and international markets.

Locations:

Hapur (HQ), India

Ghaziabad, India

Delhi, India

Abu Dhabi, UAE

Bahrain

Kingdom of Saudi Arabia

ABU

The Problem:

Critical Gaps in Industrial Flange Supply:

Many EPC's and industrial buyers face serious challenges in sourcing forged flanges:

- Inconsistent quality from unorganized or small-scale suppliers
- **Delayed deliveries** causing project bottlenecks and penalties
- Lack of certifications and compliance with global standards
- **Limited customization** for non-standard or high-pressure applications

Our Solution:

Utsah Engineering solves these problems through:

- Fully in-house production from forging to machining and testing
- Certified processes with ISO 9001:2015, 14001:2018 & 45001:2018
- Quick, reliable turnaround for urgent and bulk project orders
- Capability to deliver custom-engineered, project-specific flanges
- Trusted by global EPCs and approved by entities like EIL & CBB

Any size any grade manufacturing can be done

Industrial Growth with Meaning

01

Community Welfare

• In partnership with Rotary Club, Ghaziabad Sapphire leading health drives, blood camps & rapid response initiatives.

02

Education Initiative

- Built fully-equipped STEM labs at Adhyatmik Nagar Inter College.
- Supporting hands-on learning for over 100 students/year.

03

Sustainability Practices

- Rainwater harvesting to recharge groundwater.
- Structured waste segregation & recycling systems.
